

CONFIDENTIAL

Mr. Douglas Keenan

Dear Mr. Keenan:

The Investigation Committee has completed its review of the potential suspected misconduct of Wei-Chyung Wang for alleged fabrication of research results as covered by *the University at Albany Policy and Procedures on Misconduct in Research and Scholarship*.

After careful review of the evidence and thoughtful deliberation, the Investigation Committee finds no evidence of the alleged fabrication of results and nothing that rises to the level of research misconduct having been committed by Dr. Wang.

As the institutional official responsible for this case, I have accepted the Committee's findings and the Report. You have fourteen (14) calendar days from the date of this letter to provide any comments to add to the report for the record.

Following receipt of comments on the report from the Respondent and from the Complainant, I will prepare a recommendation to Interim President Philip. The investigation will conclude when the Officer-in-Charge makes a final determination.

Please feel free to contact Adrienne Bonilla (518-437-4569) or me (518-956-8170) if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Lynn Videka".
